The event promises to be a remarkable opportunity for attendees to learn from some of the most inspiring thought leaders and gain an exclusive look at the future of revenue lifecycle management. As a gold sponsor, we are thrilled to have the chance to showcase our cutting-edge solution to the attendees.

"We are excited to be a gold sponsor of Conga Connect 2023," said Samir Bhatia, CEO of Brightleaf Solutions. "This event provides us with a unique opportunity to connect with other industry leaders, share our expertise, and learn from our peers. We look forward to showcasing our innovative solutions and contributing to the dialogue around the future of digital document and contract management."

Samir added, "A CLM software cannot be put into its best use unless all the required current and legacy data is uploaded on it for efficient contract management and analytics. The partnership will help in the successful implementation and roll-out of the solution by providing integrated technology deployment and data migration services to our clients, making the process smooth and successful."

The Conga Suite, which includes Conga Composer, Conga Collaborate, Conga Contracts, Conga Grid, Conga

Sign, Conga Orchestrate, and Conga AI, drives segment-leading ROI by simplifying and automating intelligent data, documents, contracts, signing, and reporting outcomes.

ABOUT BRIGHTLEAF SOLUTIONS, INC.

Brightleaf provides a technology-powered service to extract data from your contracts with extreme accuracy using our own proprietary AI/Semantic Intelligence/Natural Language Processing technology, our team of lawyers to check the output, and our Six Sigma process.

Your legacy contractual documents along with this extracted meta-data can be migrated into a Contract Lifecycle Management (CLM) system for tracking and reporting. This greatly enhances the value of your investment in the system. The data can be virtually anything, and it is customized for each of your types of contracts. All meta-data, terms and conditions, legal provisions, and even all obligations (which are usually scattered throughout your contracts) are extracted by our software. Our team of lawyers checks each-and-every extracted data point against the original documents using a stringent Six-Sigma quality process, which delivers highly accurate results.

Brightleaf gets recognized very often, including “Company of the Year” as a Contract Management Services provider. Details of this and other recognitions and awards can be found at www.brightleaf.com/awards-recognitions
