Brightleaf Announces Legacy Contract Migration/Data Extraction Starter Pack: Unlocking the Past, Powering the Future

To jump-start the extraction of essential data points without any delay

Brookline, MA – Brightleaf Solutions, Inc., Brightleaf Solutions, a leading provider of AI-powered contract data extraction and migration company, today launches the **Brightleaf Legacy Contract Migration/Data Extraction Starter Pack**. This innovative offering empowers businesses to rapidly unlock valuable insights from their existing contracts, eliminating the time and effort typically associated with data extraction.

Unveiling Hidden Value in Legacy Contracts

The Brightleaf Starter Pack simplifies and accelerates the process of extracting essential data points from historical contracts. Companies can gain immediate insights into contract trends and risks, streamline reporting and compliance efforts, and boost overall team productivity.

Tailored Solutions for Every Business Need

The Brightleaf Legacy Contract Data Extraction Starter Pack comes in five tiers, designed to address the unique needs of each business. More information about these tiers and their specific features can be found on the Brightleaf.com website.

No matter which pack the client chooses, they'll enjoy:

- **Rapid deployment:** Get up and running fast.
- **Pre-trained AI models:** Leverages Brightleaf's industry-leading expertise for accurate data extraction with minimal setup.
- **Scalable solution:** Grows with your business needs.
- **Secure and reliable:** Brightleaf prioritizes data security, ensuring your information remains protected and accessible.

"With the Legacy Contract Data Extraction Starter Pack, we're making it easier than ever for businesses to unlock the hidden value within their existing contracts. By leveraging the power of AI, we're helping companies transform their legacy data into actionable insights that drive improved decision-making, accelerated workflows, and ultimately, greater success," said Samir Bhatia, CEO of Brightleaf.

ABOUT BRIGHTLEAF SOLUTIONS, INC.

Brightleaf provides a technology-powered service to extract data from your contracts with extreme accuracy using our own proprietary AI/Semantic Intelligence/Natural Language Processing technology, our team of lawyers to check the output and our Six Sigma process.

Your legacy contractual documents along with this extracted meta-data can be migrated into a Contract Lifecycle Management (CLM) system for tracking and reporting. This greatly enhances the value of your investment in the system. The data can be virtually anything, and it is customized for each of your types of contracts. All meta-data, terms and conditions, legal provisions, and even all obligations (which are usually scattered throughout your contracts) are extracted by our software. Our team of lawyers checks every extracted data point against the original documents using a stringent Six-Sigma quality process, which delivers highly accurate results.

Brightleaf gets recognized very often, including “Company of the Year” as a Contract Management Services provider. Details of this and other recognitions and awards can be found at www.brightleaf.com/awards-recognitions
